Excerpt	Aspects	Issues
Furthermore, with the help from senior staff who had experience in using the system, I've had no difficulty to learning how to use it (aesthetic). All seniors are very helpful (social). They are willingly to teach me (social) me whenever I ask them for help (lingual).	Aesthetic (ex)	Ease and fitting well
	Social (ex)	Helpful (senior staff)
	Social (ex)	Cooperation (vendor)
	Lingual (ex)	Asking for help
Only one thing about the system is that I have to take precautions when keying in data to the system (sensory) since once any mistake occurs, only the developer can fix the problem (social). So I ha've to call the vendors to do it for me, to delete or amend the wrong information (lingual).	Sensory (ex)	Feeling of precaution
	Juridical (de)	Responsible for accurate to ensure data keying -in of data; are accurate as concentration is needed
	Lingual (ex)	Calling vendor
	Social (ex)	Role of developer
	Pistic (de)	Committed to complete the task (with minimum errors)
